

Only in Jesus/Yeshua can these things happen!

Four very special men in my life and I spent high quality time together at the discipleship training school in Cyprus, then with the Tikkun family in Israel at the end of February this year. We did not get to spend time at the Jerusalem/Mevaseret discipleship school because of our meetings yet were delighted to get reports and see some of the good fruit!

There were many highlights to the trip yet one stands out and reminds me of others so that is the one I will share with you now. It was when we were in Cyprus and we watched a former Hamas leader who now knows Jesus/Yeshua washing and kissing the feet of an Israeli believer. Isaiah 49:23 spoke of such a time. "They [your former enemies] will bow to the earth before you [the Jewish people] and lick the dust from your feet."

This equaled the embrace of one of my TJCII brothers, the son of holocaust survivors and now the leader of the Baruch HaShem congregation in Dallas, and another of my brothers, a former Nazi, now born again and serving as arch-deacon to Cardinal Schoenborn in Vienna.

Or the memory of a Bishop from South Africa bowing before one of the Jewish believing leaders in their home north of Haifa, laying his hands on their feet saying, "We bless you. We do not deserve to put our hands on your heads. You and your people have kept faith in the One True God alive. Without your people, we would all still be pagans. We honor you. My Bible says that in the last days the hearts of the fathers will be turned to the children and the children to the fathers. My Bible says that if we honor our fathers and mothers, it will go well with us and we will enjoy long life on the earth. We are your children in the faith."  
"

Or the memory of one of our Syrian brothers coming over publicly to some of our Israeli Jewish brothers saying, "Welcome back to the neighborhood. We have missed you. It will be a great honor to serve the Lord in the Land when it is restored to you."

Or the memory of a Palestinian brother who brought a facsimile of the city of Jerusalem and publicly brought it to some of the Jerusalem believing brothers saying, "We give you back your city."

This kind of thing can only happen in the family of the Lord Jesus through the internal transforming power of His Holy Spirit. Through Him we are all one—those who are native born Israel and those who have been grafted into the promises given to Abraham and his family.

Keep your eyes open and be expectant for more things like this to shine forth in Light as darkness seems to abound.

Blessings to you all and you should get a report on some more of my travels in the next weeks!
