

Being Wise in Your Lavish Generosity

This week one of our brothers in Israel told of a donation made by Christians in the US to an Israeli group that aggressively persecutes believers in Yeshua/Jesus inside Israel.

"I have no problem with a donation that aims at blessing Israel," he said, "yet I have to question why funds are being donated to ones who have clearly set out to persecute and even kill local Jewish believers. Who is actually funding this persecution?"

Remember the words of Yeshua, "*By their fruits you shall know them.*" May the Lord continue to make all of us people of lavish generosity, but may He also direct us through His Holy Spirit to whom we should give. Know the people. Know the fruit.
